ABOUT US:

Scholars Hunt is an ISO 9001:2015 certified organization that was established in 2018 under educational services with the aim of identifying student's skills and talent in their academics. It is our 2nd year at National level as for first 4 years we were conducting these exams at state level (Punjab Level).

It will help in assessing knowledge, understanding and mental ability of students. We have designed National level Talent exams by the coordination of experienced teachers with the objective of developing strong concept of the subject and mental ability among the students (class 1-10) keeping in mind the syllabus of STATE board, CBSE and ICSE across the nation.

Over 5000+ schools had registered in Scholars Hunt Exam in last year's and more than 8,00,000 students participated in the Scholars Hunt Examination across the Nation in the previous years. We have won the trust of Schools, Teachers, Students and Parents who supported us a lot and helped us to prepare students for competitive exams.

Scholars Hunt examinations at school level are competitive examinations, based on the school syllabus, which will be conducted by our organization. These examinations will help to identify a child's capability and assessment of his/her potential in the competing world. They also bring out the areas needing attention so that proper orientation can be given in areas lacking proficiency. In simple meaning these examinations is a platform for realistic assessment to prepare a child to face the modern competitive world. When kids compete with another kids, they work harder, in the process all the students improve their knowledge. If there were no competition, only the best of the class would expand his/her knowledge. It is required that each and every student must participate in these examinations so that they can know what competition is and how to achieve the target.

The top Rankers will get the opportunity to receive study scholarship that will enhance their current and future academics.

The following six exams will be conducted in year 2023-24 by scholars hunt from class 1 to class 10:

- | | |
|--------------------------------------|--|
| 1. Scholars Hunt Science Exam (SHSE) | 2. Scholars Hunt Mathematics Exam (SHME) |
| 3. Scholars Hunt Drawing Exam (SHDE) | 4. Scholars Hunt English Essay Writing Exam (SHEE) |

Satvir Chaudhary (Director)
Scholars Hunt

Key MISSION OF THE COMPANY :

To enhance a student's self-confidence and provide the student's with a unique platform where they can prove themselves.

Examination Structure:

There are 4 Scholars Hunt Examinations which are to be conducted:

1. Scholars Hunt Science Exam (SHSE)
